Initial Announcement

CHCS 4th Annual Lecture Series and the 21st Annual General Meeting

Wednesday 18th November 2015
Crowne Plaza Hotel, Wollaton Street,
Nottingham, NG1 5RH

**The Lectures, AGM and Lunch are FREE of charge
to CHCS members**

We are pleased to announce the 4th of our Annual Lecture events and our 21st Annual General Meeting. We will issue the formal notice later, but we have now opened bookings for the event.

The Lectures and AGM are open only to current CHCS members and invited guests of the CHCS Council.

A provisional agenda for the meeting is show below.

Please note the meeting will commence promptly at 10:00 am. Coffee and tea will be available from 9:30 am and lunch will be provided at approximately 1:00 pm.

Exhibition

This year we are also pleased to host a small table-top exhibition, featuring companies providing products and services to the “chemical hazard” community, so whether it’s the latest SDS software you want to see, or you need help with managing your REACH registration obligations, our exhibitors will be happy to talk to you.

Booking

Even though this event is free-of-charge to paid-up CHCS Members, you must still register, and bookings will close at midnight on Monday 9th November. To register your attendance, please visit: <https://chcs-clg.org.uk/event-1961259>.

We will send detailed Joining Instructions and a map nearer to the time.

Please Note

CHCS Reserves the right to alter or cancel at any time due to circumstances beyond our control. Substitutes are NOT accepted at this event.

Exhibitors:

This year we are pleased to host a small exhibition of organisations that provide “chemical hazard” related services of products. The confirmed exhibitors are as follows:

- **Bibra Toxicology Advice & Consulting Ltd**

We have a simple aspiration, to provide the highest standard of chemical hazard and risk assessments across the broadest range of industries and government organisations. We aim to help our clients cope with the complex and ever changing regulations framed to protect human health, and we endeavour to do this in a way that meets their often challenging time and budgetary constraints.

- **Citoxlab**

Citoxlab offers a comprehensive range of services for the testing of chemicals, agrochemicals, pharmaceuticals, medical devices and food/feed additives, in order to comply with worldwide regulatory requirements.

- **GlobalMSDS Ltd**

We are here to introduce Hazmix – A powerful, innovative, low cost, pay-as-you-go SDS software solution with a vast amount of totally free capabilities and features.

- **NCEC**

The World's Leading 24/7 Chemical Emergency Response Centre - NCEC delivers 24 hour emergency response and fast, up-to-the-minute advice and products setting global standards on emergency response and compliance.

- **ReFac**

Established by the Chemical Industry for the Chemical Industry, ReFaC provides a comprehensive and confidential service to help your company achieve compliance with the European Union REACH Regulation (EC 1907/2006), Classification, Labelling & Packaging (CLP) Regulation (EC 1272/2008) and a range of additional regulatory services.

- **Lisam Systems**

Since 1999, through our offices around the world we are proud to supply our global client base of more than 800 companies. Lisam ExESS integrates global chemical regulatory content and a powerful GHS rules engine to quickly and accurately generate GHS-compliant SDSs in over 47 languages and for all major jurisdictions.

- **Safeware Quasar Ltd**

Safeware Quasar, suppliers of Environmental Health and Safety solutions to the chemical industry. With over twenty five years of experience, you can trust Safeware Quasar to help you understand your regulatory obligations and supply a superior GHS compliant chemical compliance solution to meet your needs, whether it be software or consultancy or a combination of the two.

- **Wolters Kluwer**

Wolters Kluwer is a market-leading global information services and publishing company focused on professionals. Come and see us for a demonstration of our new look Croner-i Hazardous Substances product which gives you all the information you need for the day-to-day management of hazardous and dangerous substances.

We look forward to seeing you at the event.
