The CLP Regulation - A Repeat Seminar

7th April, 2009

**HSE, Rose Court, 2 Southwark Bridge
LONDON SE1 9HS**

The CLP Regulation – A Repeat Seminar

Some time ago the Commission of the European Community (EC) stated that “*it is the intention of the Commission to propose the inclusion of the internationally agreed GHS into Community law as soon as possible*”, an intention that was generally supported within the EC. **Well that day is finally here.**

Following a formal Commission proposal made in late June 2007, the Council and European Parliament discussed and agreed the final text in the summer of 2008. This text was formally adopted as a new EC Regulation in December 2008, with publication in the Official Journal L 353 on 31st December 2008; just meeting the GHS target of 2008 for implementation. The “Regulation (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures, and amending Directive 67/548/EEC and Regulation (EC) No 1907/2006” (in short CLP) came into force on 20th January 2009..

At this CHCS seminar knowledgeable and involved speakers will:-

- Outline the final Regulation and its the associated annexes
- Outline the significant issues and changes made compared to the proposal
- Identify what has to be done, and by when, and by whom
- Identify the interpretations that are needed to properly understand the Regulations (for instance Article 4 will say that hazardous chemicals must be packaged in accordance with Titles III and IV, but needs ‘interpretation’ to understand that delivery by tanker and pipeline is not being prohibited)
- Identify what hasn’t been included in this Regulation and will be subject to adaptations to technical progress (probably in 2009) to both REACH Regulation and this new CLP Regulation

This new Regulation will amend the (EC) No 1907/2006 REACH Regulation, as well as amend, and then eventually revoke and replace, the current 67/458/EEC Dangerous Substances Directive (DSD) and the 1999/45/EC Dangerous Preparations Directive (DPD). It will require the amendment and eventual repeal of the consequential legislation in Member States (MS), such as Chemicals (Hazard Information and Packaging for Supply) Regulations 2002 (CHIP) in Great Britain, and will require MS to introduce enforcement legislation.

This new Regulation will have substantial implications for ‘hazard communication’ issues in the forthcoming years throughout the supply chain and also for all users.

The Regulation will require effectively:-

- that the classification of every currently dangerous substance is done to both old and new systems for a transitional period
- that the labelling of every current dangerous product is changed from current to new system
- that every SDS is revised at least once to deal with the additional classification & labelling issues

If you are involved in classification, labelling or safety data sheet provision, and did not attend this seminar on the 5th February, then this repeat offering of this seminar is for you.

(Note: if you did book for 5th February but were unable to attend please use the special re-booking form that you have been sent; and not the one at the end of this flier.)

The CLP Regulation – A Repeat Seminar

Programme

<u>From 09:30</u>	Registration and coffee/tea
10.00	Welcome, Safety and Introductions
10.05	The EC CLP Regulation and its changes and transitional provisions Robin Foster and Pierre Cruse, International Chemicals Unit HSE
11.35	Break
12.00	Interpretations and issues Desmond Waight, DanGoods Training and Consultancy
12:45	Lunch
13:45	Future ATPs, possible timescales Robin Foster, International Chemicals Unit HSE
14.15	Implications for industry Dr Ross Fielding, Harman Technology
14:45	Questions, Answers and discussion
15.45	FORMAL CLOSE

Notes:

1. As requested, plenty of time has been provided especially at the end of the day for general questions, answers and discussion, as well as for 1:1 time with the presenters and/or other knowledgeable members present on your specific issues.
2. ***PLEASE NOTE THIS PROGRAMME MAY BE SUBJECT TO SLIGHT CHANGE IN TIMINGS; BUT NOT TO THE START AND LATEST FINISH TIME.***

REGISTRATION REQUEST FORM

The CLP Regulation - A repeat Seminar

Please register the following delegate for the above Seminar at the HSE, Rose Court, 2 Southwark Bridge LONDON SE1 9HS on **Tuesday 7th April 2009**

Title First Name Surname

Position

Company/organisation

Address

Postcode E-mail

Telephone Fax

Purchase Order Number if applicable

FEE payable (please place "x" in box as appropriate). Fees include all course materials, lunch and refreshments.

£98 +VAT per person, existing CHCS member

£144 +VAT per person, new CHCS member (includes membership until 31 August 2009)

Any special requirements? No/Yes (please specify)

Signed / Name Date

To book a place, **FAX the form** to CHCS at **0844 636 2428**, or alternatively email the completed form to chcs@chcs.org.uk. A confirmation of your place will be sent on receipt of this booking form. Joining instructions and invoice will be sent separately.

Your attention is drawn to the conditions below:

Once booked, the full fee is payable. However delegates can be substituted at any time, subject to payment of membership fee, if applicable.

CHCS reserves the right to alter or cancel the programme due to circumstances beyond our control. If CHCS cancels, then refunds will be made.

Chemical Hazards Communication Society,
PO Box 222, Lymington, SO42 7GY
Telephone: 0844 636 2427 Fax: 0844 636 2428

**NB: Do not use this form if you were booked for 5th Feb, and were unable to attend.
Use the special re-booking form that you have been sent**
