

## UKLA and CHCS Webinar:

Register Now

## Are You Working Safely With Metalworking Fluids?

**8 October 2020, 13:30 – 14:15 BST**

We are delighted to bring you this webinar involving collaboration between CHCS, the United Kingdom Lubricant Association (UKLA) and the Health and Safety Executive (HSE), the regulator for health and safety in Great Britain. The UKLA is the trade association for the lubricants sector representing the majority of companies in the UK, whose product stewardship group provides industry guidance, advice and good practice on the safe handling of metalworking fluids.

Metalworking fluids (MWF) can cause occupational asthma, occupational hypersensitivity pneumonitis and dermatitis. This webinar will improve your ability to manage the health hazards from MWF. It is aimed at health and safety managers, factory managers and engineers and will include:

- A case study of an HSE investigation
- A summary of the requirements for protecting the health of workers
- An outline of the updated good practice guidance recently published by UKLA and HSE
- A summary of the testing which must be performed on metalworking fluids, to maintain its quality and prevent risks to health
- Q&A session

### Our Presenters:

The webinar will be presented by HSE, and members of the UKLA Product Stewardship Group. The presenters include Stephen Faulkner and Fiona McGarry, H M Inspectors of Health and Safety, HSE, Matt Bloomer, Technical Services Manager, Q8 Oils on behalf of UKLA and Gareth Evans, Principal Scientist, HSE Laboratory in Buxton.

With the combined experience of inspectors, scientists and metalworking fluid suppliers, the Q&A session is expected to be lively, and engaging.

### Registration

The webinar is free of charge for members of CHCS. We are also pleased to offer the webinar free-of-charge to members of [BADGP](#) and [SCHC](#) (click on the links to see how to register). If you are interested in attending, but not a member of these organisations, you can [JOIN CHCS](#) and then register, free-of-charge.

To register please visit the registration page: <https://chcs.org.uk/event-3971266>. You will receive an email of confirmation and then, some time later, an email from GoToWebinar explaining how to join the event on the day.

### Questions?

If you have any questions, please email: [enquiries@chcs.org.uk](mailto:enquiries@chcs.org.uk).

### Your Attention Is Drawn To These Conditions

CHCS reserves the right to alter or cancel the programme due to circumstances beyond our control.
