- ❖ Proximity Principle
- ❖ “Fake” recycling Domestic, Local, Global
- ❖ Good landfill/bad landfill
- ❖ Good examples of Circular economy (Cardboard, Aluminium etc)
- ❖ ECHA: examples of REACH managing recycled Plastic
- ❖ The Paperwork!

Who should attend?

The webinar will be of interest to organisations involved in preparing safety data sheets or dealing with waste-related matters, and to anyone who is interested in waste management.

Our Presenter

The webinar will be presented by Alex Clark, BSc MBA

Alex has been in the position of Senior Regulatory Specialist at MacDermid Enthone Industrial Solutions, part of Element Solutions Incorporated since 2017. Element solutions has a wide chemical portfolio in metal finishing, electronics, offshore chemicals, film and graphic products, along with general consumable products for consumers, professional users and Industry.

Alex has an established and wide ranging career within the chemical industry, on the technical and regulatory side, including SDS authoring and waste management.

Alex is also Director of AlKem Consultancy Ltd, which gives little spare time for hobbies, but Alex does find time to play in a local band on the guitar and vocals.

Registration

The webinar is free of charge for members of CHCS, [BADGP](#) and [SCHC](#) (click on the links to see how to register). If you are interested in attending, but not a member of these organisations, you can [JOIN CHCS](#) and then register, free-of-charge. **Further webinars on a variety of topics are also being planned.**
